Did your school give any standardized tests last year? (Yes: 65, No: 7)

Standardized testing: How often? What grades?

Standardized testing: Use of test results

Standardized tests: Why not?

Please explain why your school does not use standardized testing.

Comments:

- We do not base our teachers performance on test results. We do not promote or hold back students based on standardized testing; students are promoted based on mastery.
- We do not use any standardized tests that you have on this survey. We do use ACT Aspire, PSAT, ASVAB, and ACT/SAT results to track our students.
- We do not use standardized tests in every grade because we do not want to become test-focused and distracted by measurements created by an educational system with an alternate goal. We may consider more frequent standardized testing if there was a test that better fit our school's mission and vision.
- We do not use standardized tests to determine promotion to the next grade level.

Comment on the CTP-4 Test

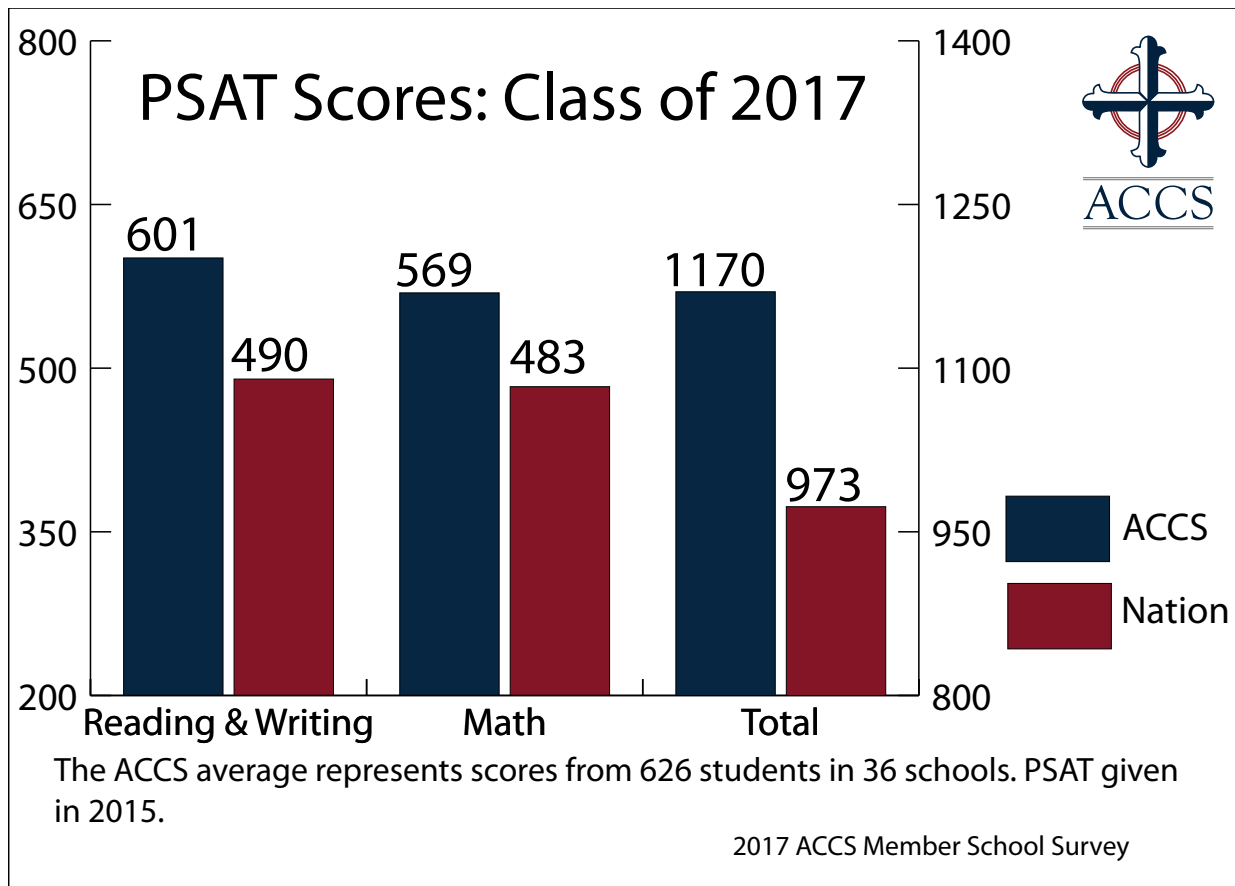

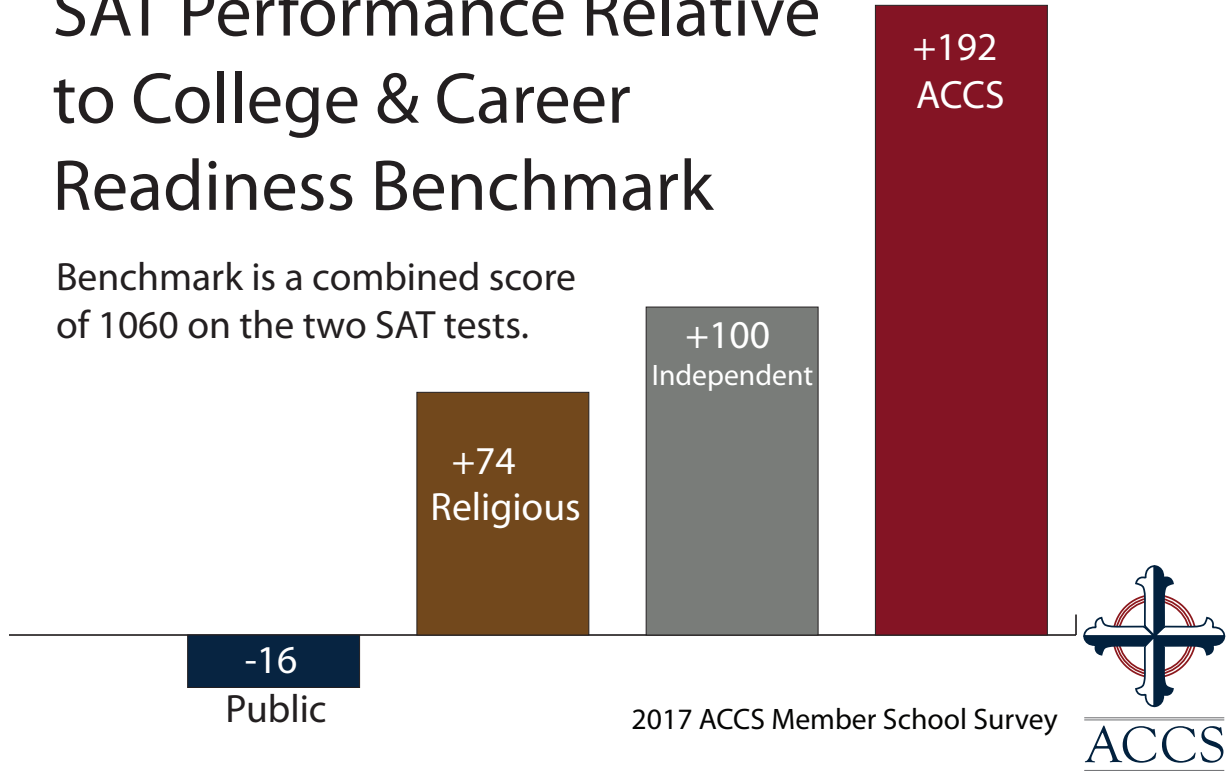

- We used electronic deployment which did cause some trouble for students.
