**Quadrant Perspective**

**The Seven Laws of Teaching** – by John Milton Gregory  
("KICKERR")

1. **Law of the Teacher:** The teacher must thoroughly know the lesson content.
2. **Law of the Learner:** The learner must attend with interest to the lesson.
3. **Law of the Language:** The language used in the lesson must be common to teacher and learner.
4. **Law of the Lesson:** The new content of the lesson must be learned through content already known by the learner.
5. **Law of the Teaching Process:** Excite and direct the self-activities of the learner and tell him nothing that he can learn himself.
6. **Law of the Learning Process:** The learner must reproduce the lesson in his own mind.
7. **Law of Review:** The completion, test, and confirmation of teaching must be made by reviews.
